**Plan Terms Applicable to Cingular Take Charge**

GSM phone required. A credit card, debit card, or bank account is required for service (collectively "Your Debitable Account"). Monthly debits to Your Debitable Account shall be credited to your Cingular Account. Wireless service is available so long as a positive balance is in your Cingular Account ("Funds"). Cash is not an acceptable form of payment. Funds may be added to your

Cingular Account at any time. You must call 866-499-7888 to establish the debiting cycle for Your Debitable Account. You will electronically sign an agreement to have Your Debitable Account debited, and an agreement to the terms of wireless service at that time. Your Debitable Account will be debited on a monthly basis on the date you call. The only exceptions are if you call on the 29th, the recurring date is the 28th and if you call on the 30th or 31st the recurring date is the 1st of the following month. Funds deposited expire and your Cingular Account is suspended on the 34th day after the last date of debiting if automatic debits are discontinued. Your Cingular Account may be reinstated within 60 days from the date of suspension by reestablishing Your Debitable Account. However, if Funds are added to your Cingular Account before the current account balance expires, the existing balance will be carried over to the new expiration date, and these Funds can be used for a rolling twelvemonth period. Funds unused after 12 months from the date originally credited to your Cingular Account shall be deducted from your Cingular Account. Airtime and other measured usage are billed in full-minute increments, and actual airtime and usage are rounded up to the next full increment at the end of each call for billing purposes. Data transport usage is billed in full kilobyte increments, and actual transport usage is rounded up to the next full kilobyte at the end of each data session for billing purposes. Calls placed on networks served by other carriers may take longer to be processed. Prices are subject to change. Cingular does not guarantee availability of the network. Please retain your calling plan map to determine the scope of your calling plan area. Nights are 9 pm – 7 am. Weekends are 9 pm Friday – 7 am Monday. Funds are not redeemable for cash or credit and are not transferable. Night and Weekend minutes do not carry over. Free calls: 611 automated assistance & 911 emergencies. 611 is only available in the coverage area for this plan as shown on the attached map. Outside this area, use 866-499-7888 to reach Automated Assistance. 900 numbers are not available. Directory assistance (411) is \$1.29 plus airtime. Per-minute charges apply on feature usage, including Call Waiting, Three-Way Calling and Voicemail deposits and retrievals. A 10¢ per message charge applies for normal text message or info alert sent or received. Included long distance applies to calls within the 50 United States, Puerto Rico and the Virgin Islands. International long distance rates vary. Customer must (1) use a GSM phone programmed with the Cingular Wireless preferred roaming database; (2) have a mailing address and live in the Home Area in which subscription is made. Caller ID cannot be blocked. Caller ID will be delivered on all calls, even if you have permanently blocked your name and number. You may stop using the service and return your handset in its original packaging with receipt to your place of purchase for a full refund if you do not agree with the above Terms of Service.

Cingular provides a 30-day return/exchange period of devices (phones, PDAs, and other wireless communications instruments) and accessories. One exchange of a device is allowed per wireless service activation or upgrade, and one exchange of an accessory per purchase. The 30-day period for customers porting-in begins on the day the port is complete. Customers purchasing via Cingular.com should send returns to the Cingular warehouse at:

Cingular Wireless  
Attention: Returns Processing  
5155 Citation Drive  
Memphis, TN 38118

Cingular will waive early termination fees for service terminated within the return period, provided that the device(s) associated with such service are returned within the return period. Gift and ringtone cards are not refundable. In the event a customer returns their device and cancels service within applicable timeframe, all other charges will apply, but monthly service charges shall be re-rated and assessed based on the usage and the number of days that the customer had service. Any consumer that cancels service within 30 days will be refunded the activation fees paid.

If you cancel your service contract after 30 days but before the date your contract expires, an early termination fee will be charged. Fees vary by state. For complete details, refer to your terms and conditions. All devices and accessories must be returned to the original place of purchase. Devices purchased at a Company-owned retail store can be returned at any other Company-owned retail store with an original receipt. Customers that upgrade or purchase through an agent or national retailer should return back to that location for return details.

To receive a full refund for the return of a device or accessory, merchandise must be in like-new condition with no visible damage. Customers returning a device shall not be entitled to receive any rebate associated with such device. A twenty-five dollar (\$25.00) fee for voice-centric devices and fifty-dollar (\$50.00) fee for data-centric devices shall be charged for any device returned without all accessory components (such as manuals, packaging, battery, charger, ear bud, etc.). Purchase price of the device and accessories will be used to determine the refund amount. Exchanges for other device/accessory with different retail prices than the initial device/accessory will require payment for the difference for a higher priced item or result in a credit for a lower priced item. If the customer wishes to keep the device but not the service, Customer shall have the option to keep the device at the no commitment price. Phones delivered pursuant to insurance claims cannot be returned or exchanged under our Return Policy, but Equipment Warranty rules may apply. This policy does not cover warranty return rules or defective products from the manufacturer.

Refunds will be issued based on the method of payment. Refunds for check purchase will have a 10-business-day waiting period before a check or cash refund.

A twenty-five dollar (\$25.00) processing fee shall be charged for the return of a prepaid phone, if the prepaid starter kit activation PIN has been revealed. Prepaid starter kits sold separately and refill cards are non-returnable if the PIN has been revealed. Prepaid electronic refill PINs and direct replenishments are non-returnable as the PIN is revealed at point-of-purchase. The charge for the return of a prepaid phone or starter kit is in addition to the charge for missing components.
